

AirMed 1 Exec

Perfectly Portable Air Purification Solutions

A compact air purifier for localized chemical, odor and particle removal. It features our general-purpose "Exec" blend of carbon, which is excellent for trapping a wide range of airborne chemicals, gases and odors. Ideal for use as a desktop purifier, for travel or for smaller rooms.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superHEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

Green Features

- All-metal housing
- Ozone-free filtration technology
- Energy efficient
- Refillable carbon canisters
- Styrofoam free
- North American sourced parts and materials
- North American assembly

Technical Specifications

Carbon Filter	5.5 lb.
