

EXTRACTION

First and best in the market—dual-duty extractor/booster

HVE 3000 FLOOD PUMPER AND INLINE TRUCKMOUNT BOOSTER

Double your use and return on your investment

The HVE 3000 does double duty as a stand-alone portable flood extractor AND as an inline truckmount booster for carpet cleaning. For flood extraction, pair it with the Rover or a wand or manual extraction tool for fast extraction in multi-level apartments, hotels, schools, hospitals, offices and large residential homes, or wherever security or noise issues prevent use of a truckmount. The HVE 3000 can be used as an inline pumpout to maintain truckmount vacuum performance on extremely long hose runs – as much as 300 feet!

- » **HIGH MANEUVERABILITY.** Unique housing design makes moving the unit easy - just pull on the vacuum hose. Lightweight and smooth-rolling 8 in. semi-pneumatic wheels and front casters. Slim profile to fit through the narrowest doors – only 22.5 in. wide.
- » **EASIEST CLEANOUT FILTER.** Just pop the clamps on the cover and lift out the basket for rinsing. Clear cover shows when cleaning is needed.
- » **HIGH VACUUM PERFORMANCE.** Includes two vacuum blowers – one two-stage blower plus a second “2-plus” blower for maximum performance. Fitted with a full 2 in. vacuum inlet for the greatest air flow.
- » **HIGH CAPACITY WASTE TANK.** 12 gallon tank.
- » **SUPERIOR DEBRIS HANDLING.** A high flow, high volume clog-resistant sump pump – handles up to ½ in. solids. Plus, the large, easy-clean stainless steel filter basket captures all debris larger than ¼ in. This unit can tackle the toughest pumpout tasks.
- » **QUICK DRAIN.** Standard garden hose connection for auto-pumpout, or use the large gravity drain hose at toilet height.
- » **RUGGED CONSTRUCTION.** Rotomolded housing resists dings and scratches; molded handle provides firm grip. Low center of gravity provides balanced transport; easy on stairs!

WATER LIFT CFM	160 in. 100 CFM
DISCHARGE RATE	50 gpm @ 5 ft. of head
TANK CAPACITY	12 gal.
POWER (120V) (2 CIRCUITS)	12A (Pumpout + Blower 1) 13.5A (+ Blower 2)
SUMP PUMP POWER	1/3 HP
WEIGHT	127 lbs.

TWO FUNCTIONS, ONE UNIT

The HVE 3000 performs two valuable functions for the restorer and cleaner.

1) High-volume flood extractor. For rapid removal of water inside structures.

- » Remove water fast! Use with a carpet cleaning wand or with the Rover HVE ride-on deep extraction unit.
- » High-capacity 12 gal. tank with standard-toilet-height drain outlet.
- » Auto-pumpout feature eliminates need to stop and empty tank.

2) Inline vacuum booster and pre-filter. Improve vacuum performance on long hose runs.

- » Place the HVE 3000 inline near the end of long hose runs to maintain truckmount vacuum.
- » Significantly increase your vacuum at the jobsite without repositioning your truckmount.
- » Use the auto-pumpout feature and your truckmount tank stays clean and empty!
- » HVE 3000's filtering system captures debris before it gets to the truckmount tank, saving you cleanup time.
